

Infinium® HumanMethylation450 BeadChip

Product Information

User Guide	Infinium HD Assay Methylation Protocol Guide (15019519 Rev A)
Manual Experienced User Card (EUC)	Infinium HD Methylation Assay Manual EUC (15019522 Rev A)
Automated Experienced User Card (EUC)	Infinium HD Methylation Assay Auto EUC (15019521 Rev A)
Lab Tracking Form (LTF)	Infinium HD Assay for Methylation Lab Tracking Form (15020316 Rev A)
Document Set	15021522 Rev A
Sample Sheet	Example HD Methylation Sample Sheet (15020628)
PDFs of these documents can be website. Go to http://www.illumin Category drop down menu, select Infinium	a.com/documentation. From the ct Assays ; from the Subcategor

Scan Settings	Methylation NXT.scst
Scan Control Software	v3.2.45+
AutoLoader2 / AutoLoader2 Service	v2.3.0 / 2.3.0
Approximate Array Scan Time (saving locally)	60 min per BeadChip

Scan Settings	Methylation NXT.scst
iScan Control Software	v3.2.45+
AutoLoader2 / AutoLoader2 Service	v2.3.0 / 2.3.0
Approximate Array Scan Time (saving locally)	60 min per BeadChip

GenomeStudio Module	GenomeStudio Methylation Module
GenomeStudio Module (version)	v1.8/2010.3
GenomeStudio Module User Guide	GenomeStudio Methylation Module v1.8 User Guide (11319130 Rev B)
GenomeStudio User Guide	GenomeStudio 2008.1 Framework User Guide (11318815 Rev A)
Workstation Requirements	64-bit, 8 GB RAM

After you log in, you can view or save the PDF.

Illumina LIMS Compatible	No
Robot Code	N/A
AutoCall	N/A
Fluorometer Analysis Software	N/A
Thermocycler Control Software	N/A
Thermocycler Control Software User Guide	N/A
iScan Control Software	N/A
